# the MUSIC man

## SOUTHWEST BAND

*An interview with Thandi Howard:*

Q: Who is the music man to you?

A: "Mr. Jackson is of course.

He is not just my band director, he is my friend. He's more like a father to me."

Q: What makes him likable as a teacher?

A: "Because he pushes us to achieve our full potential. For example, I play the clarinet. When I came to him, I had no skills. He saw my potential and created within me a musician."

Q: Why do you have so much band-pride?

A: "Didn't you see us during the Battle of the bands? We were the bomb because of Mr. Jackson."

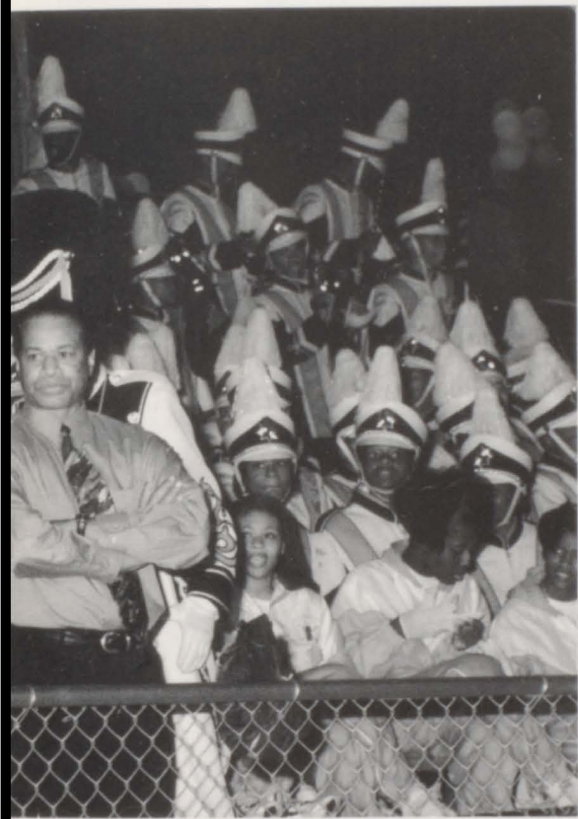

Q: Do you have a suggestion for the other band directors?

A: "Take notes from the music man, Mr. Jackson."

# WHAT A

something to come home to

# WIN!

*It is finally Friday, October 4, 1996. The time has come for the Big Red Patriot Machine to face Lakeside, Augusta. Anticipation was in the air as members of The Homecoming Court arrived all clad in tuxedos and beautiful evening gowns. Football players and coaches paced nervously up and down the field at Thompson Stadium. The festivities started as clubs, classes, and others prepared for the onslaught of visitors. This is HOME COMING '97. Finally, the teams took to the field. When the dust eventually settled, the score was an astounding victory. Southwest 21-Lakeside 12.*

TAKE

THAT!!

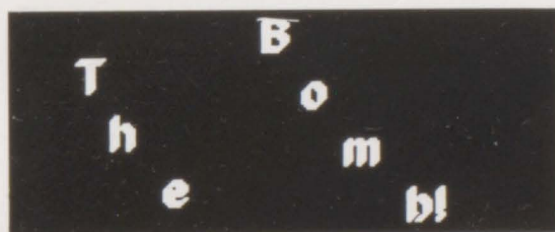

*When asked how it felt to win the Homecoming Game:*

*Senior Tony Nelson responded: "It felt good." He continued: This is the first Homecoming win since my freshman year and I scored the first touch down. Also, I just want to say good luck next year."*

*Senior Maurice Majors thinks that they played "harder because it was the Homecoming game."*

*Tyrone Perkins is "thrilled" because of the win but not too excited since he has "one more year."*

*Favores Pearson is more excited not only because he also scored a touch down, but because he made the key pass to set up the win.*

## EXPERTS SPEAK:

The Falcons are going to win the Super-bowl this year.

The Clippers are going to win the championship.

The Macon Whoppes are going to **win** the CHL championship.

Michael Jordan **will** play baseball again.

The Atlanta Braves **will never** win a game again.

Michael Jordan **is not** a pro.

Shaq will **shrink** to 3ft. 7 inches.

The Milwaukee Bucks **will win** the championship.

Michael Jackson won the rushing title for the Kansas City Chiefs.

**When I grow up**, I want to be 'Tiger Woods' caddie.

**If the Falcons** make the Super Bowl in the year 2000, will the game be blacked out in Macon?

**I got completely** cold at the Falcons game.

**I don't know** what everyone is upset about. All the Falcons have to do is win 2000 games in a row. Oh look, I just saw a UFO.

Basketball is my favorite sport besides tennis, because that's what I play.

Michael Jordan, because he has proved himself to be a skilled basketball player.

I feel that **Southwest** has the talent to defeat Central, S.E., and N.E. after all **we** are the Patriots. — Tukesha Jordan

I love basketball because it's interesting and plus that's where a lot of the boy's are.

Penny Hardaway, because he can play and he's FINE!! — Melanie Hall.

I like basketball because it is a very competitive sport.

My favorite basketball player is Michael Jordan because he is the greatest player of all time. — Mandy Myers

Tavarise Baldwin (T-Man), Curtis Bason, Chuck, Sherard, Vaughan could follow in the footsteps of Jerry Stackhouse. Why not be eligible for free agency at 17? Why turn pro early and hit the big payday?

# Sisterly Love

Dear Kelly:

Eleven months are all that you had to yourself, and then you got me. Every since then I remember being with you and following quickly in your footsteps. It was an everlasting attempt to impress my "big sister". I wanted to do it better than you or just as perfectly as you did. Like they say, opposites attract and believe me, noone is as different than you and I.

From being quiet to loud,  
english peas to spinach,  
pepperoni pizza to supreme,  
jeans and a t-shirt to short  
skirts and fitted tops!

We've always stayed next to each other. You wouldn't move up to the next sunday school class until I was promoted. Now, I just wish that you could wait on me before going off to school.

I'm going to miss having someone to argue with, fuss at for not cleaning up the room. But, most of all, someone that I can always confide in. No one knew me quite like you. Some how, you could tell when I was upset or in trouble.

You always knew just what to say, when to say it and how to say it. In spite of all our differences and arguments, you will always be number one on my list.

You are one person that I constantly look up to. No one loves you or appreciates you more than I.

Love Ya,

Robin

# SENIORS

## Farewell Fellow Seniors:

We've had a lot of laughs. We've shared a lot of tears. Through it all, we have been there for each other. Don't you remember calling one another the night before a test and studying together over the phone. Don't you remember planning our trips to the fair and Six Flags. I know we all remember running from Ms. Bell and Ms. Glover as they tried to make this year memorable. Let's make a promise to meet again in ten years. Let's all exchange numbers so that we can keep in touch. Let's not end our lives together in June. We will always remember the love and friendship that we've had. So stay brave, beautiful, and bold 'TIL WE MEET AGAIN'.

Twinkle, twinkle, little Star.

Twinkle, twinkle, little star  
How I wonder what you are,  
Up above the world so high,  
Like a diamond in the sky.

When the blazing sun is gone,  
When he nothing shines upon,  
Then you show your little light,  
Twinkle, twinkle, all the night..

Then the traveller in the dark  
Thanks you for your tiny spark;  
How could he see where to go,  
If you did not twinkle so?

In the dark blue sky you keep,  
Often through my curtains peep,  
For you never shut your eye,  
Till the sun is in the sky.

As your bright and tiny spark  
Lights the traveller in the dark,  
Though I know not what you are,  
Twinkle, twinkle, little star.

*The Academic Team is not really a club. We have no officers, no dues, no rituals or ceremonies. We practice every Wednesday afternoon, but do not meet on club days. The position of Captain is rotated among the members. This team competes in meets around the state and appears on WMAZ "Team Challenge" every year. In the spring, we enter the state region competition, and if we do well then its on to the state competition. To compete the students must be well-informed on many subjects.*

# Current Events

The 1996/97 school year has certainly been an interesting one here at Southwest, both good and bad. We got a new mascot and one of our own now serves as State Beta Club President. Our basketball teams continued to shine and our band, as usual, was the best. As we say good-bye to the class of '96 and hello to the class of '97, it became pretty obvious that things outside of Southwest and around the world were pretty interesting. Sadly, this year saw a great number of tragedies that put things into perspective. The bombing of abortion clinics, multiple airplane crashes, the Olympic bombing, and the hundreds of people who lost their lives to senseless violent crimes showed how cruel and how kind people could be.

This year was also active in music and television. Everyone seemed to be doing a new dance called the Macarena. New Edition finally reunited and Outkast came out with a new C. D. that had everyone singing about "me and you, yo mama, and yo cousin, too". Groups like Hootie and The Blowfish defied racial barriers by making okay for anyone of any race to sing any kind of music. Three people you could every imagine being parents, Prince, Madonna, and Michael Jackson became just that but not without the usual gossip. In television news, Bryant Gumbel left "Good Morning America" and a new network, UPN, brought us shows like "Moesha" and "Homeboys in Outer Space".

## The Beat Goes On

In sports' news....The Atlanta Braves lost to the New York Yankees in the World Series. The Olympics came to Atlanta and both the women's basketball and women's gymnastic teams won gold medals. Surprisingly, Mike Tyson lost to Evander Holyfield and twenty year old Tiger Woods showed the world that golf was more than fat guys in funny looking plaid pants. Macon received their own hockey team, Macon Whoopees, and the Coliseum was open to the public for ice skating. Michael Jordan came out with not only a movie, "Space Jam", but with his own cologne and much to the delight of "Cheese Heads", the Green Bay Packers won the super bowl. This year in sports was a good year for women, a professional basketball league was started, giving women a chance to prove that they are just as good as the men.

This year the world lost the presence of some famous faces. These people have certainly affected the way we think and have paved the way for those following in their footsteps. They are: Ella Fitzgerald, Barbara Jordan, Gene Kelly, Spiro Agnew, Tupac Shakur, Minnie Pearl, Ron Brown, Enis Cosby, Tiny Tim.

The year in politics was quite entertaining. During the presidential campaign, Bob Dole fell off a platform while waving to a group of reporters. He wasn't hurt but he lost. As a result of his loss, Bill Clinton took the oath of office for the second time. President Clinton is not only the first Democrat to serve a second term since Roosevelt, but he will be the one to lead our country into the next century. Under President Bill Clinton, the first woman Secretary of State was appointed.

Other news: a seven year-old boy had sexual harassment charges brought against him for kissing a classmate. Paige Goodman sued to become valedictorian of her class. John F. Kennedy, Jr. got married.

*I found it to be a tremendous privilege to be the editor of the 1996/97 yearbook. I've learned a lot; not only about the yearbook, but also about the staff. This year's staff has had some rough times, but here, in the end, it has turned out to be a great success. Thanks to everyone on the 1996/97 yearbook staff.*

*Tori Melvin*

*Becoming editor made it all the more wonderful. I learned more about myself. This talent of working on the yearbook was handed down to me from my mother, Carol Adams, who was also Editor of her yearbook. I hope that this yearbook can not only impact the lives of Southwest Patriots but generations to come.*

*Tamika Jones.*

*When I became a member of the yearbook staff, my vision was changed. I felt there were a myriad of things to be altered. Through hard work and attempts to modify things, I was awarded the position of co-editor. This honor presented me the opportunity to work diligently for my soon-to-be alma mater, Southwest High. I have learned quite a bit from this experience and have been able to leave my legacy here. SC.*

*It has been an extreme pleasure to work with the three musketeers. First, there is Tamika Jones. Tamika is tough, consistent, and has stick-to-it-tism. She has stayed with me many nights while completing a deadline. Secondly, there is Tori Melvin. Tori is feisty, willing, and volunteers for any occasion. She has never failed to come through when she was really needed. Thirdly, there is Shondria Cullers. Shondria is Ms. Organizer. Never has she appeared without her organizer. When something has to be organized, Shondria is there. I love you ladies, and I know that you will all be Winners. Ms. Barbara A. Glover*

*The editors of this year's yearbook would also like to give acknowledgement to the one person who made all of this possible, Mrs. Barbara Glover. Because of her hard work and dedication to the staff, she has made this yearbook possible for all of us at Southwest High. Thank you from the Yearbook Staff.*

Daughter...*

*Enjoy your life! Laugh  
a lot. Love a lot.*

*Listen to your heart, and  
follow where it leads you.  
Do what you love. Love  
yourself, and share that  
love with others. This  
is the way that we truly  
make a difference, add  
our beauty to the world,  
and give something  
precious to ourselves and*

*others. Daughter you  
have already made an  
impression on the world.  
You have touched my  
heart and my life in a  
way that has forever  
changed me. Thank you  
for coming into my life,  
for forgiving any errors  
I made in raising you,  
and for allowing me the  
chance to learn and grow  
with you.*

# Tamika Sherelle Jones

Tamika there are a lot of things that I could say about you. You are a wonderful person, and I'm not just saying that because you're my daughter. You're a hard worker in all the phases of your life. You are not afraid to take on challenges. You give them everything you've got and then some. You appreciate an education, and I know you will do your very best at any college you attend.

Tamika, you are a very giving person. You love to help others I feel that you will make a positive difference in peoples lives. You are an overcomer. Over the years I have seen you overcome many obstacles. I admire and respect you very much.

I am very proud of the young women that you have become. After God, and along with your brother, Willie, you are my best friend. I know that with God's help, you will go far. I love you, and I'll always be there for you.....

LOVE.  
Mom

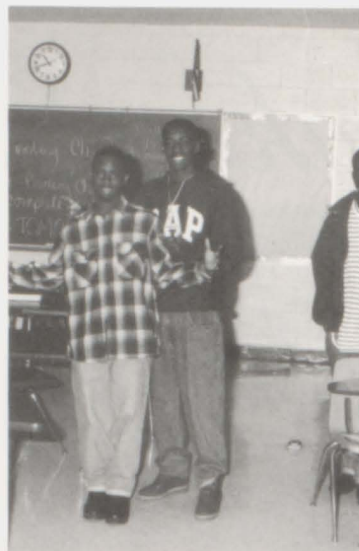

## KIDS WHO ARE DIFFERENT

Here's to the kids who are different,  
The kids who don't always get A's,  
The kids who have ears twice the size of their peers,  
And noses that go on for days...  
Here's to the kids who are different,  
The kids they call crazy or dumb,  
The kids who don't fit, with the guts and the grit,  
Who dance to a different drum...  
Here's to the kids who are different,  
The kids with the mischievous streak,  
For when they have grown, as history's shown,  
It's their difference that makes them unique.

A true friend listens to what you say, life's a sculpter. Friends are clay, friends are notes to life's greatest song, a melody to carry you along. Whether it's a joy or a fear, whenever life is hard they're near in a world of darkness friends are light so thank your lucky stars tonight. When life gets hard and goals seem far, it's then you'll know who your true friends are.
